

2014 International Conference on Control, Decision and Information Technologies

CoDIT'14

Call for papers -- Special Session on: "Adaptive E-learning systems with social interactions" – SND Laboratory for CODIT2014

November 3-5, 2014 - Metz, France

Session chair

Prof. Rousseaux Francis, CRÉSTIC, Université de Reims, France

Session description

Participative technologies record digital traces and make possible Social Media. In an E-learning context, users are no longer passive learners but rather active knowledge producers. Changes in the distance learning paradigm were initiated with appearance of blogs, wikis, e-portfolios and LMS (Learning Management Systems). All this introduce the user with a singular experience. Few years later, groups of researchers still focus on ways to adapt systems to profiles. This special session aims to go through some latest E-learning improvements, using analysis methods, semantic web, social data structures and adaptive procedures.

Topics

- ▶ Linked-data & Open-Web
- ▶ Interoperability
- ▶ Social network & Social Media
- ▶ MOOC, xMOOC & cMOOC
- ▶ Visualisation and reporting

Submission

Please submit your full paper or extended abstract of 2 to 3 pages choosing the right track on the EasyChair site:
<https://www.easychair.org/conferences/?conf=codit14>

June 20, 2014: deadline for paper submission

July 10, 2014: notification of acceptance/reject

September 10, 2014: deadline for final paper and registration.
