2014 International Conference on Control, Decision and Information Technologies

CoDIT'14

Call for papers -- Special Session on:
Graph Theory and Applications
for CODIT2014
November 3-5, 2014 - Metz, France

Session chair
Sébastien MARTIN, LCOMS Lab, Université de Lorraine, France

Session description
In this special session we focus on a variety of topics in graph theory, such as structural results about graphs, graph algorithms with theoretical emphasis, and discrete optimization on graphs. The aim of this special session is to present recent advances on well-known graph problems (and variants) and also on new problems related to industrial application.
Topics
► *All aspect of Graph Theory*
► *Graph Algorithms*
► *Combinatorial Optimization*
► *Complexity*
► *Approximation Algorithms*

Submission
Please submit your full paper or extended abstract of 2 to 3 pages choosing the right track on the Easychair site:
https://www.easychair.org/conferences/?conf=codit14
June 20, 2014: deadline for paper submission
July 10, 2014: notification of acceptance/reject
September 10, 2014: deadline for final paper and registration.
